

**BULK BAG DISCHARGERS**

- Hoist/Trolley
- Fork Truck Loaded
- Many Discharge Options
- Dust Collection

**BAG DUMP STATIONS**

- Dust Collection
- Many Discharge Options
- USDA Sanitary Versions
- Magnetic Grates

**ROTARY AIRLOCKS**

- Drop through and blow through
- Cast Iron and Stainless Steel
- NFPA Compliant
- Convey Line Adapters

**SCREW CONVEYORS**

- Quick-Clean and Sanitary
- Variable Pitch Flighting
- Built Per Application
- Twin Screws Available

**FILTER BAGS, CAGES, & ELEMENTS**

- Hoist/Trolley
- Fork Truck Loaded
- Many Discharge Options
- Dust Collection

**PROCESSING SYSTEM COMPONENTS AND ACCESSORIES**

- Lump Breakers
- Cyclones
- Butterfly Valves
- Sifters
- Check Valves
- Convey Line Diverts
- Slide Gates
- Gravity Diverters
- Level Indicators
- Magnets
- Orifice Gates
- Roller Gates

**FILTERS/BAG HOUSES**

- Round or Square
- Dust Collectors
- Bin Vents
- Side, Top, and Bottom Loaded
- Custom Designs

**BLOWER PACKAGES**

- PD Style Blowers
- Dense Phase and Dilute Phase
- Sound Enclosures
- Vacuum/Pressure Relief Valves

**APPCONVEY FEEDERS**

- Volumetric and Gravimetric
- Non-Proprietary Components
- Heavy-Duty and Sanitary Construction
- Modular Design
- Product Agitators Available

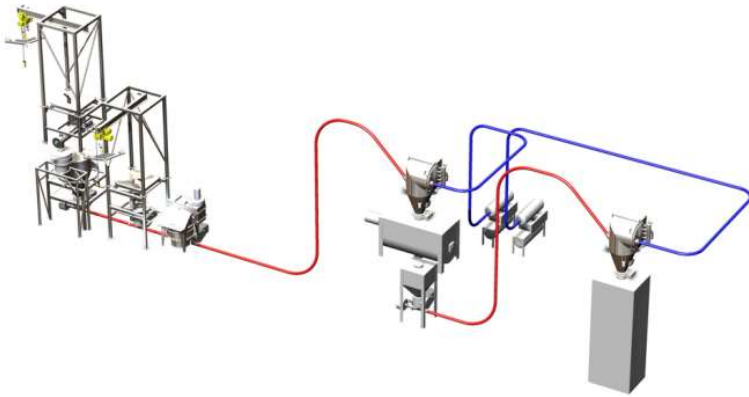

**EXHAUST FANS**

- Numerous Manufacturers
- Cast Aluminum, CS, SS
- Silencers
- Central Vac
- Centrifugal Blowers
- Outlet Dampers

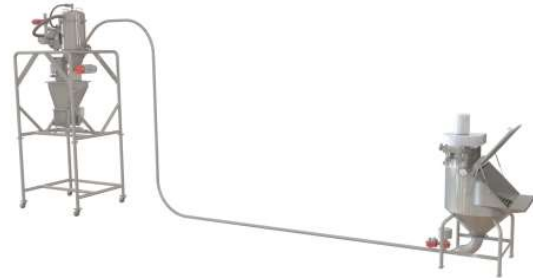

**PERFORMANCE AUDITS**

- Years of Experience
- Existing Systems
- New Systems
- Troubleshooting

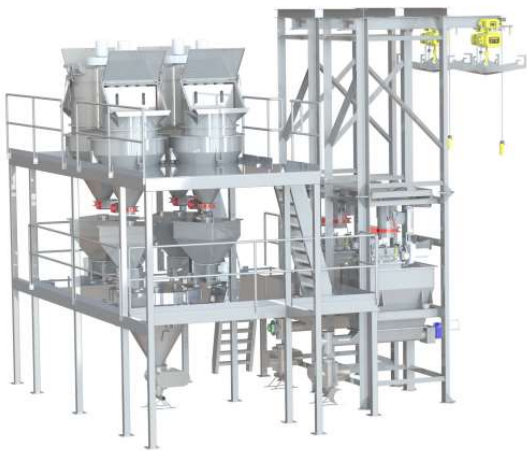

**POWDER CONVEYING AND BLENDING SYSTEMS**

- Super sack, paper bag, box, or bulk ingredient source
- Systems ranging from simple to complex
- Dilute, dense, and semi-dense phase systems available
- Single component(s) or complete systems available
- Batch or continuous process

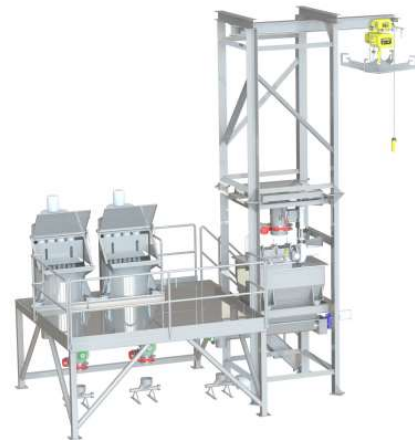

**UP-AND-IN VACUUM CONVEYOR**

- Numerous system source options
- Sanitary system design and fit-and-finish available
- Conveys most products 75 to 100 feet
- Quick take-apart components for cleaning
- Custom equipment configurations available

**INGREDIENT BATCHING SYSTEMS**

- Automated systems utilizing load cells for precise weighing
- Numerous different ingredients

**COMBINATION BULK AND SMALL BAG SYSTEMS**

- Complete systems including access platforms
- Ergonomic operator interface
- Integrated or remote dust collection
- Product conditioning, size reduction, policing equipment available
